

LEVERHULME

ACTIVITIES FOR ALL

Leverhulme Trail Walk

Distance: Approx 1.2 miles, starting and finishing at Powerleague, Leverhulme park.

The course:

Embark on a scenic walk starting and ending at Powerleague, exploring the picturesque landscape of Leverhulme Park. You'll mostly follow well-kept paths, with a bit of off-road adventure thrown in for good measure. After a rain shower, don't be surprised to find patches of mud, leaves, and puddles along the way. Make sure to wear comfy shoes!

Keep in mind that some parts of the route have narrow paths and a short off-road section, which might not be ideal for wheelchair users or pushchairs..

Tree Guide:

As you walk along, take a moment to appreciate the variety of trees that call Leverhulme Park home. Check out our handy tree guide to spot familiar faces like oak, beech, sycamore, and more!

TREE TRAIL

Tree Guide

COMMON ASH
Upward turning branches with opposite shoots

SYCAMORE
Branches with opposite buds and old leaves

COMMON BEECH
Long pointed terminal buds on shoots that turn upwards

HORSE CHESTNUT
Large sticky terminal buds on upward turning shoots
